EVENT DIRECTOR contact : Cédric AMAND, 3 Rue Centrale, 06440 Peille, 0627879055, cedric.amand@hotmail.fr

ORGANISATION TEAM : Coralie Rospert, Cathy Behe, Stéphane Mério

THIS AGREEMENT MAY EVOLVE AND ADAPT UNTIL THE END OF EVENT.

STORY OF THE MERCANTOURMAN :

The event was born in 2020 from a personal challenge post COVID-19 launched by Cédric Amand : To realize a Triathlon Adventure as a Grande Traversée du Département des Alpes Maritimes from the Mediterranean sea and continuing through the Mercantour National Park, the Ubaye mountains to reach Embrun. Twenty Adventurer have joined him for this first Triathletic Challenge. They acted as pioneers for this extraordinary event that crossed snow and negative temperatures that forced route adaptations. But that's the adventure: accept Mother Nature and the unexpected. The story goes on and you will contribute to write it.

OPEN LETTER FROM CÉDRIC AMAND, FOUNDER OF THE CHALLENGE ALSO AVAILABLE ON THE OFFICIAL MERCANTOURMAN WEBSITE :

“FREEDOM AS AWARD

The **Mercantourman XTREM Triathlon – initial project** is an adventure in an extreme universe : the Mountain and the Mercantour and Ubaye National Parks. Although the Mercantourman is made on conventional 'ironman' distances, it is an exceptional event with a high level of altitude gain which takes place in the mountainous environment. We open a way in the world of Triathlon: that of Adventure in total autonomy with Live Tracking.

It's much stronger emotionally than a race, it's an adventure on yourself .

WHAT IS THE INITIAL PROJECT ?

The permanent climatic instability of the mountain (snow, violent rain, storm) obliges me to make you aware of this universe which can have a direct impact on the event (and its conditions of participation??). The freedom to not be attached to any place politically and to manage our transition areas can save the Crossing! (Even more in these covid-19 hours). We must remain flexible regarding the initial project that we are undertaking. We proved it at the first edition in 2020 with the snowy episode that forced us to completely change the bike and trail route. We respect nature, we have adapted and we have reached Embrun.

A TRIATHLON ADVENTURE, WHAT DOES IT MEAN ?

The identity of the Mercantourman XTREM Triathlon is clean and unique, you will have to start from the Mediterranean sea and try to reach Embrun by swimming, cycling and running through the Department of the Maritime Alps, the Mercantour National Park and the Ubaye mountains.

I like this idea of the raw sports challenge, in the real world, facing myself and the elements. I like to arrive at night without being acclaimed on a red carpet, all in a calm and serene atmosphere like my Adventure. I love this finishline in the calm and cold night, the emotional faces of my Team Staff by this crossing that they have lived with me, their applause resounding clearly louder than a hundred people gathered in the middle of the misty air.

WIN YOUR FREEDOM BY BRANDISHING YOUR FINISHER RUDIUS

Start with a light spirit, accepting what nature will offer us as a playground. We must remain flexible facing the weather conditions in order to be able to move T2 if we have to. Moving T2 would result in complete modifications of the bike and the trail. It is the essence of the Mercantourman to have to accept the weather conditions that will be given to us. We have a multitude of Traversées options that we will adapt if necessary. It is essential and crucial for me organizer that you understand the approach of this event. You must understand and integrate this conception of the Adventure with no materializing spaces.

I hope that the participants of the Mercantourman share these simple values and that they join me in this noble practice of the sport challenge in nature. I am therefore presenting the initial project.”

DEFINITION OF THE MERCANTOURMAN XTREM TRIATHLON :

The Mercantourman [édition n°3] is exclusively organized for its community of cyclists, ultra-cyclists and triathletes. The ultra-cycling adventures and the triathlon proposed by Team Baroudeur are among the most difficult in Europe.

Only the members of the organizing association so of the Baroudeur community are allowed to take the start of one of the events that we propose.

That's why, if your application is selected to participate at the 2022 edition, you will automatically become a member of the Baroudeur Team association and club for the current year.

In this unique setting, you will be able to participate in total autonomy, without assistance and under your own responsibility to the MERCANTOURMAN proposed by the club Baroudeur Team.

To claim to apply and participate in MERCANTOURMAN 2022 :

1/ We need to make sure we rigorously select each rider.

The selection is based on several criteria.

Everyone can apply in order to highlight their experience and sports CV. We obviously want triathletes who have experience in endurance sports in general.

HIGHLIGHT YOUR EXPERIENCE THAT WILL LEAD US TO SELECT YOU:

- ultra trail, trail, your solo adventures.
- triathlon, ironman, xtrem ironman and others.
- raid adventures.
- your solo trips and holidays.
- your ability to face the unexpected.

HIGHLIGHT YOUR MOTIVATION :

- Explain to us why you would like to realise this MERCANTOURMAN project?

What is important to us is that you can justify and detail your experience as precisely as possible. Our team will be in charge of individually checking each application. Don't think that you are not physically strong enough, there is also the mental side which refers to the next point 2.

2/ The selection will also focus on the mental aspect. We want triathletes who know what they are getting into by starting one of our adventures in total autonomy, without assistance, and in a high mountain context. We want to make sure that each triathlete will start in full knowledge of this facts and will be able to face of a situation of potential danger throughout his adventure.

Our selection is therefore also and especially based on your experience in dealing with different situations that are more or less urgent and/or dangerous for your safety and/or for other participants.

3/ We also want a state of mind in accordance with our values and the idea we have of Adventure in ultra-cycling or in Triathlon : Nature, landscape, escape, discovery, unexpected, introspection, physical adventure, total autonomy, challenge.

Triathletes who expect a red carpet, a sound system, a speaker and a crazy atmosphere : we invite you to make an appointment with THE MERCANTOURMAN later, because you are not ready.

Apply to participate in MERCANTOURMAN is to love meeting with other adventurer enthusiasts in search of travel, extreme sporting challenge, quest on themselves, in search of the most beautiful landscapes, it is to love adapting his bike equipment to the adventure that you are going to live.

4 / It's finally and above all an exceptional sportive challenge to win your freedom by brandishing your Gladiator sword : the Rudius. This will require you to entirely complete your GPX track.

We wish you to cross the finish line with a new eye from the experience you will have lived in our mountains. We hope that you will feel the heart of the Earth, that you will feel alive in the heart of this nature and in your physical effort.

You will (perhaps) cross this finish line but as in no other event, you will become someone else thanks to a different global vision.

NEW 2022 – CHALLENGE YOURSELF WITH THE RUDIUS CHALLENGE :

Because you know that the Team Baroudeur likes to propose exceptional challenges in the mountains that are already recognized as the most difficult in Europe, we decided this year to create the RUDIUS CHALLENGE.

This challenge represents the culmination of our passion for extreme sports through the events we have developed over the past six years.

We propose to mix the three main disciplines of our organization:

- the road bike.
- the mtb.
- the triathlon.

This challenge has the particularity of being able to be done over several years, without any time limit. This challenge will highlight profiles of complete and unique athletes in extreme ultra-endurance sports in the mountains.

The goal is to win your freedom on the main distances of our three following universes:

- TransAlpes 2850K [road]
- Augustus 1000K [mtb]
- Mercantourman XTREM [triathlon]

The Gladiators who already have one of these three adventures on their list can join the challenge at any time.

Once your three radius come together, you will win the challenge and a GOLDEN RUDIUS that will symbolize the realization of the complete ultra-enduring athlete that you have become.

DESCRIPTION OF THE ADVENTURES AND TRANSITIONS AREAS :

The Mercantourman 2022 [édition n°3] is a unique crossing Triathlon Adventure, in complete autonomy, without assistance, in low, medium and high mountains. This adventure crosses among the most beautiful landscapes in Europe.

The particularity of this Triathlon is to could be done by gravel bike or road bike, your choice.

A live tracking - geolocation tracking will be set up. Each rider will be equipped with a GPS to secure the adventure.

The GPX tracks of the adventures will be sent to participants in mid September. The tracks will not be sent before in order to allow us to have time to make our recos and also that you stay in the theme of adventure and discovery. We don't want you to recognize the tracks.

2 / A big and unique Triathlon crossing from sea to mountains.

3 / Nature immersion guaranteed.

4 / Start in France PACA - Alpes Maritimes : CAP D'AIL

5 / T1 : ÈZE

6 / T2 : SAINT PONS VILLAGE - BARCELONNETTE

7 / Finish in France PACA - Hautes Alpes : EMBRUN

IMPORTANT : If you have to leave the track for a valid reason, it is allowed but you will have to go back to where you left it or you won't win your rudiis.

SWIMMING :

3.8K – Start at 7:00 am at the first light of the day. The Swimming part will be a crossing that will start from the beautiful beach located in Cap d'Ail: La Mala beach to reach Èze Bord de Mer. An Australian outing will be planned on the beach of Saint Laurent d'Eze in the first third of the course.

The wearing of the combination associated with an inflatable buoy for swimming in open water is mandatory for safety reasons

ROAD BIKE – initial project if good weather :

210K – 5500md+ – in total autonomy from T1 to T2.

The adventure will be full of obstacles, you will have to cross 3 major passes on road:

- Col de Turini
- Col Saint Martin
- Col de la Bonette

The highlight will be located at 2800m at the highest pass in Europe: the Cime de la Bonette. You will evolve in the heart of mountains and climatic conditions that can change very quickly.

The Triathlon extender is allowed. Drafting is prohibited between solo competitors. However, it is allowed for participants in pairs.

GRAVEL BIKE - initial project if good weather :

238K – 6000md+ – in total autonomy from T1 to T2.

You will alternate between road and gravel tracks in high mountains and in breathtaking panoramas. More physical, this option of cycling will require you to be equipped with Bikepacking equipment and the necessary to sleep outside.

The highlight will be located at 2800m at the highest summit in Europe: the Cime de la Bonette.

You will evolve in the heart of mountains and climatic conditions that can change very quickly.

TRAIL RUNNING :

42K – 1600d+ – in total autonomy from T2 to the finish.

Le trail running consists of a climb up to 2700m and a descent to reach Embrun. Trail Sticks are allowed and recommended.

Arrival Note : The Staff Assistance team is responsible for its athletes and must welcome them upon arrival in order to provide warm replacement clothing to avoid hypothermia, as well as liquid and/or solid refueling if needed.

EQUIPMENT ADVICES :

On the gravel crossing, we recommend you tubeless tyres from 43mm section. The MTB is allowed and will offer you more comfort on the wils parts. Nevertheless no problem of crossing for both bikes, it is a question of choice, comfort.

For road and gravel, the important thing is to equip your bike with the most flexible ratio gear possible:

- road : 33-34 x 12 - 36
- gravel : 32 x 12 - 42

Prenez en compte que vous devez vous économiser au maximum donc pouvoir avancer avec un vélo chargé et un organisme qui sur la fin du parcours vous le fera sentir. Vous avez un Trail de qualité derrière la partie vélo.

En trail, comme annoncé, les bâtons sont autorisés.

Don't forget that you need to save yourself as much as possible so you can ride with a loaded bike and an organism that at the end of the adventure will make you feel very tired. You have a big trail running part after the bike part.

In trail running, as we have said, sticks are allowed.

WELCOME OF TRIATHLETES - PROGRAM :

WELCOME OF TRIATHLETES :

- > from 24/09 at 23h59 to 25/09 at 23h59 : Welcome of the finishers at Lac d'Embrun.

- > Mercantourman road bike :

The challenge is to do it in less than 24 hours in order to win your freedom and your Rudius : Gladiator Engraved Wooden Sword

It is not forbidden to arrive after this time, however we will not necessarily be able to ensure your personalized welcome.

- > Mercantourman gravel bike :

The challenge is to do it in less than 41 hours in order to win your freedom and your Rudius : Gladiator Engraved Wooden Sword

It is not forbidden to arrive after this time, however we will not necessarily be able to ensure your personalized welcome.

The arrivals will take place at Embrun Lake. Two oriflammes will symbolize the finish and your Staff Assistance team must be present to welcome you. You will need to record your time of arrival on the organisation book which will be placed on arrival. Live Tracking allows to know exactly your arrival time too. We remind you that if your GPS is not activated when you cross the finish line, you will not be considered as having completed the Adventure.

GOOD TO KNOW ON YOUR GPS :

1/ To don't start stressed or have unpleasant surprises, check the tracks and your GPS several days **before** the start !

2/ Riders who are equipped with a GPS etrex must ensure that they have the entire GPX track. There are often bugs because files are too heavy on these types of GPS. You have to rework the GPX track sent to you and shorten it if necessary. For the etrex, the trackGPX should generally not exceed 80K.

RECOGNIZING THE RISK OF THE ADVENTURE :

The Triathlete and his whole family recognize that the adventure is potentially dangerous and includes the crossing of some places like Mediterranean sea, Mercantour, Ubaye, which are characterized as highly dangerous areas. Moreover, the Triathlete and his whole family are well aware and recognize that all sports practised during the adventure and of course his participation in The Mercantourman include a serious risk for himself and his health, including but not limited to dehydrations, tiredness, pain, property damage, fractures, accidents, head or other injuries, trauma, or death. The Triathlete and his entire family fully recognize and assume the responsibility to control and maintain all equipment throughout the duration of the adventure and that it is in good condition for safe use.

Under no circumstances the Association or its representatives shall be held liable for any direct, indirect, actual or alleged loss or consequential loss suffered by the Cyclist.

The Triathlete and his family will assume responsibility for the cyclist's own acts of negligence or omission which may cause his death, body injury to a third person or property damage during the adventure.

The Triathlete undertakes to indemnify the association and discharge of all costs and expenses, legal actions, proceedings and claims caused by non-compliance with the commitments hereunder or caused by the acts or omissions of the Triathlete.

The Triathlete must purchase death, accident and health insurance for himself. A copy of the insurance policy(s) must be provided to the organizer.

The Triathlete undertakes to inform his family (husband or wife, parents, children...) of his participation in The Mercantourman, adventure in complete autonomy, without assistance. The family is aware of the risks incurred during such an event which will be done under the personal responsibility of the Triathlete involved.

No police (police, gendarme or other) or rescue service (firefighter, doctor, nurse or other) is set up throughout the route to ensure your safety or your assistance during the adventure in case of an accident.

The Triathlete and his whole family should be aware that the nearest hospital or medical center may be several hours away from the location where he/she is located when he/she may be injured. In the event of an accident that would require specialized care, a suitable medical centre may not be available in the immediate area and medical evacuation may be required.

The Triathlete undertakes to sign the DECHARGE DE REponsabilite which refers to the recognition of risk incurred at the briefing.

In addition, he/she recognizes that first of all this event is a human adventure, it is not an official competition.
